£297 Trade Business School Offer

Offer overview, source-derived details, RAG notes, and full video script

Prepared from the user-provided sales video script. Claims and time-sensitive terms below are not independently verified.

Offer overview

• **Offer:** Trade Business School (TBS) private two-day event recordings.

• **Price stated:** £297 one-time payment.

• **Positioning:** Upsell presented after purchase of the WBT marketing system.

• **What is included:** Professional recordings of a private two-day event, described as recorded by a video production team with multiple camera angles and clear audio.

• **Audience context:** The speaker says 40 WBT clients attended; attendees are described as clients investing over £20,000 per year in done-for-you services.

Topics described

• Sales and business development.

• Technology, AI, automation, and operational efficiency.

• Recruitment and subcontracting strategies.

• Mindset and business-owner thinking.

• Creating a holding group for tax reasons, as described by the speaker.

• Economic conditions, macro trends, and the speaker's views on AI's future.

• Learning from the event hosts and other trade business owners.

Claims and conditions in the video

• The speaker says the content had previously been available only to attendees.

• The speaker reports that attendees said they would recommend the event and attend again; this is a sales-video claim, not independently verified.

• The offer is described as page-specific and disappearing when the viewer leaves. This does not establish current availability.

• A refund is described if the buyer watches the videos within 30 days and feels the purchase was not worth the price. Confirm current terms before presenting this as active policy.

RAG metadata and guardrails

• **Brand:** Trade Business School (TBS).

• **Source type:** Offer video transcript.

• **Suggested status:** historical_or_unverified until current price, access, and refund terms are confirmed.

• Do not infer that the purchase includes CRM access, marketing services, or the full done-for-you WBT system.

• Treat performance figures and testimonials as claims made in the transcript, not independently verified facts.

£297 OFFER VIDEO SCRIPT (timestamps as supplied)

0:05 Wait, don't close this page just yet. I need a couple of minutes of your time to

0:08 show you something that I think you're really going to get a lot of value from.

0:11 First of all, congratulations on investing in the marketing system.

0:15 You've just made a decision that's going to transform how you generate leads. And

0:18 honestly, I just can't wait for you to dive in and just see how much value

0:22 we've crammed into this offer. But now, I want to show you something that we're

0:27 only making available on this page right now that could transform the entire way

0:30 you look at the future of your business. And I appreciate that. that that's a

0:34 bold claim, but if you stick with me, it will make sense. Earlier this year, me

0:37 and my business partner, we launched a new business called Trade Business

0:41 School, where you've got me, someone who's built and helped build multiple

0:45 sevenfigure companies and a sevenfigure plumbing and heating business owner.

0:49 Basically join forces to help tradesmen become businessmen. Now, in order to

0:52 launch the business, we did something that we'd never done before. After 2

0:56 years of working behind the scenes, it was ready to go and we wanted to launch

0:59 it in style because of how much effort had went into it. So, we invited 40 of

1:03 our most successful Web Build Trade clients to a private two-day intensive

1:08 event at our office. And again, these weren't just any clients. These were our

1:13 highest level clients investing over £20,000 a year to partner with us on our

1:18 done for you solutions in our agency. People running serious operations. And

1:22 they traveled from all over the UK just to be there from Scotland, London, the

1:26 South Coast, from everywhere. Some of them even catching flights because they

1:29 knew that we practice what we preach. and what we were sharing had never been

1:33 shared anywhere else. And for two full days, I just pulled back the curtain on

1:36 everything, not just the marketing and trying to sell them on trade business

1:40 school. I tried to condense everything that I'd learned over 10 years from

1:45 sales, technology, recruitment, mindset, creating a holding group for tax

1:49 reasons, even to things like the economy and where I saw the future going with AI

1:53 and the big macro trends. But here's what made it special. This wasn't just

1:57 theory from someone who's never built a real business. This was battle tested

2:02 strategies from two people who had built multiple sevenf figureure businesses in

2:06 different niches. And in the case of we build trades, we currently again working

2:10 with over 250 trade businesses right now and have generated millions and millions

2:14 of pounds for ourselves and for our clients. And the attendees were

2:18 absolutely blown away. But I don't want you to take my word for it. We actually

2:21 asked them what they thought of the two days. And here is what they said.

2:24 Where have you traveled from to come to the event over the last two days?

2:27 Just outside Glasgow. I come from London. Faith Scotland. I've traveled

2:31 from Sheffield Liverpool today. Birmingham local boy from London.

2:35 Of what we've covered over the last two days, uh, what's been the best topic or

2:39 the best part of the event for you? For us, it was speaking to Dan and and

2:43 Steven directly. You know, getting information for them about how Steven's

2:44 doing it. For me, that's the biggest part.
2:48 General insight into the whole way the business is formulated, but a lot into
2:52 the AI side of things is a massive insight. AI's automation and
2:54 efficiencies start to finish has been an eye openener
2:57 how I run the business talking to like-minded people it's been superb
3:01 for me what really got a fire in my belly was the economic battlefield was
3:04 just like oh my gosh so far as the different strategies and
3:07 ways we can recruit employees subcontracting out so yeah valuable for
3:10 that actually speaking to the other tradesmen about what they're doing how
3:15 they're doing it speaking to Steven and Dan especially you know on just advice
3:19 AI that's it everything done for you is the future that I've received these last
3:22 two days has been mind-blowing and how all the economy works, stuff like that
3:24 has been really helpful. Would you recommend this live event to
3:26 others? Of course. Yeah. Learned a lot in these
3:30 two days. So, yep. Happy. Glad we came down. Definitely. 100%.
3:32 Yes. 100%. I'll be getting booked in the next
3:34 time. Get something done. 100%. Yeah. 100%. 100%. Yeah. 100%. Yeah. Yeah. No, I definitely recommend other
3:38 people to come. I think it's been good value. Really good value.
3:40 Absolutely. Yeah. Like hands down 100%. Like we've worked
3:44 with so many different companies that do kind of like a similar thing, but they
3:48 don't have what Dan has. They don't have heart. They don't have soul and I feel
3:51 like that is definitely the foundation of what you guys created here.
3:54 100%. Even if you don't sign up, the information you receive that I've
3:58 received these last two days has been mind-blowing and has actually changed
4:02 certain parts of my thought process as to how I want to run my business and
4:05 what my end goal actually is going to be. Now, now again, I want to stress
4:09 here that these clients invested time and money to travel from all over the UK
4:13 to be at this event, and 100% of them said they'd recommend it and come again.
4:18 And until today, this content's been locked away. The only people who had
4:22 access to it were the business owners in the room that day. But I've made a
4:26 decision. The professional quality recordings from those two days, which we
4:30 hired a full video production team to come and record, are sitting on my
4:34 computer. multiple camera angles, crystal clear audio, and everything that
4:37 was spoken about. I'm making them available. But we aren't promoting this
4:41 on the front end of our business. We're only making this available to the people
4:45 who have invested in the marketing system that you have just got access to
4:49 only on this page and only right now. Please understand that this is the same
4:54 content that our clients had already invested tens of thousands, 20,000 just
4:58 to be in the room. And that's not factoring in travel cost, hotel cost,
5:02 time away from the business just because they knew the value of what we were
5:06 sharing. You've just heard feedback from the event. And today, again, for the
5:10 first time ever, you can experience it all as if you were in the room for just
5:13 £297. Now, why am I doing this? Well, first of all, you've put your trust in
5:18 us by being on this page. You're now technically a customer. So, although
5:21 you're not working with us on our higher done for you solutions, I still want to
5:25 do everything I can to overd deliver and just try and help you win. But we are

5:29 running a business. We need to make profit. So, we can't just give it away
5:32 for free. And hopefully you'll understand that. Now, the second reason
5:35 is because the marketing system that you've just invested in is going to
5:38 bring you more leads than ever. However, leads are just the beginning. What you
5:44 really need is the complete blueprint to build a business that can handle that
5:48 growth, scale properly, and give you the freedom you started your business for in
5:52 the first place. And that's exactly what these recordings will give you. You'll
5:57 learn how to think about your business like the most successful trade business
6:01 owners in the UK. You'll see the frameworks that they use, the strategies
6:05 that they implement, and the mindset that shifts six figures to seven figure
6:10 businesses. And finally, although we can't work with everyone on our done for
6:15 you packages, I hope that by sharing all of this value up front for such a low
6:19 price, if you ever are looking for a marketing team to help you, we build
6:22 trades is going to be the company that comes to mind. So hopefully that gives
6:25 you a bit of context, but here is the thing. This offer disappears the moment
6:30 you leave this page. Life rewards people who take action. So miss it now and it
6:34 is gone forever. And again, just to make this a complete no-brainer, because I
6:39 personally delivered this content and I know how much value is there, if you
6:42 watch the videos in the first 30 days and feel like it wasn't worth the 297
6:46 page you invested, we'll just give you a refund. I just want you to get your
6:50 hands on this information because it is so valuable. So, if you do want to take
6:54 action and take advantage of this incredible offer, simply click the
6:58 button below to add the Trade Business School live events to your order for
7:01 just £297 one off. And again, you'll experience what it was like to be in the
7:07 room with the UK's most successful trade business owners. This genuinely is an
7:11 incredible offer. So much money went into this production, the editing, the
7:15 content. You've just heard what the people were saying and you can add it to
7:18 your order right now for just £297 with a full money back refund. So, please
7:23 don't sleep on this offer. You're not going to see this available anywhere
7:26 else. And if you do take action, your future self will thank you. So, thanks
7:31 again for sticking with me till the end of this video. Hopefully, I'll see you
7:34 on the other side. Take care.
